However the Deputy Com'r's present letter shows that the Official had absolutely no work for the last 20 months & he has been spending most of his time at Sahlesput and it is not clear from his letter since when the quarantine & Observation restrictions in the adjoining British Dts were done away with.

If the said Sanitary Inspector had actually no work for the last 20 months as alleged, it is a matter for consideration why the same was not brought to the notice of Govt. and what necessitated the Deputy Com'r to submit his proposal dt 10.11.1914 for entertaining a separate Sanitary Inspector for the Manjra bad Taluk & Sahlesput conjointly.

Dated Bangalore, 11th March *1916*.

SIR.

I am directed to acknowledge the receipt of Mr. Thyagaraja Iyer's letter No.815-Pol., dated the 15th February 1916, regarding the abolition of the posts of Sanitary Inspectors on plague duty in the frontier areas of the Mysore State.

2. I am to invite your attention to the circular of the Sanitary Commissioner with the Government of Mysore No.1140-5P, dated the 4th November 1903, defining the duties of the officers in question, and to say that the general policy followed in the Madras Presidency in connection with plague measures is reported not to have since undergone any considerable modification except in matters of detail such as the method of carrying out disinfection - Vide this office letter No. 716/P, dated the 19th September 1911, and the substitution of the notification system for the old passport system:- Vide rules 12 and 13 of the Madras Mofussil Plague Regulations. The latter change does not affect the present question as it has in no way diminished the necessity for plague authorities guarding against the spread of the disease by arrivals from infected areas and for carrying out the other

other precautionary measures in and near such areas. Observation circles in charge of Sanitary Inspectors are even now maintained under the orders of the Madras Government in the areas adjoining the Mysore State. The Governor in Council would, therefore, be glad if the Durbar would continue their corresponding organisation in the frontier areas.
